Alexandru Ciobanu

Systems scientist student

SKILLS

Java development: Intermediate
Database development: Intermediate
SQL: Intermediate
Tableau: Intermediate
Python: Basic
R: Basic
C#: Basic
COBOL: Basic
Linux: Basic
Git: Basic
HTML/CSS: Intermediate
PHP: Basic
JavaScript: Basic
Software testing: Basic
Software automation: Basic
UX/UI design: Basic
Microsoft Office: Advanced
Machine learning: Basic
RapidMiner: Intermediate
Knime: Intermediate

LANGUAGE SKILLS

Swedish: Fluent
English: Fluent
Romanian: Mother tongue

INTERESTS

Motorbikes
Hiking
Nature
Robotics
Technology

CERTIFICATES

Java development (Codecademy)
Python course (Codecademy)
Google Data Analytics
AWS Academy Cloud Foundations
IBM Mainframe Developer
CISCO Packet Tracer (Cisco)
Driver's license (A,B,C)

Other details

Swedish citizenship
Romanian citizenship

PROFILE SUMMARY

With my knowledge in system development, combined with my strong analytical skills, I believe I have a lot to offer. My primary motivation is a relentless pursuit of knowledge and growth, which aligns perfectly with your dynamic organization.

EDUCATION

Bachelor's degree – Systems science
08-2022 – Present
Luleå University of Technology

StarTech 4.0 Nawa Edition - Kraków, Poland
10-2024 – 10-2024
Won 3th prize award with a business plan for a startup using earth observation data analysis and AI

Erasmus+ Space is all around
04-2024 – 05-2024
Euro Space Center via Université de Namur, Belgium

Introduction to programming in Python
06-2023 – 08-2023
University of Borås

Fundamental Data Processing
06-2023 – 08-2023
University of Gävle

WORK EXPERIENCE

Junior Data & Analytics specialist - Internship
06-2024 – 08-2024
SEB

• Collaborated with the analytics team to integrate data products with use cases and designed a framework for the efficient reuse of data products.
• Drafted an impact map for the Data Culture team to support the up-skilling of business and tech employees.
• Conducted a risk assessment for the management team, identifying and evaluating new risks.
• Updated key dashboards in Tableau to ensure accurate data-driven decision-making for stakeholders.
• Assisted in developing and refining the process for employee satisfaction surveys and conducted follow-up analysis.
• Shadowed the AI and ML team, gaining experience with Google Cloud, Terraform, Kubernetes, and Streamlit.

Deputy board member
05-2022 – Present
BRF Kantorn

• Lead and assist in financial decision-making and budget creation.
• Oversee maintenance planning and execution.
• Ensure clear communication between the board and members.
• Actively participate in board meetings and decision-making.

Environmental worker
2011 – 2022
Urbaser AB

• Optimized collection routes and contributed to increased efficiency in waste management.
• Worked closely with clients to ensure high-quality services.
